

REIKI MASTER TRAINING TO BEGIN JANUARY 8TH 2011

10 am- 6 pm \$1,300.00 ~ \$300 Deposit ~ Monthly payment schedule

Minimum of 2, Maximum of 8 to hold this course.

After considerable thought and meditation I have decided to completely restructure the way in which I teach this level. Advanced Reiki is no longer a required level, but will be integrated into this course. Some pieces of Advanced will now be taught in Level 2 training.

I expect that all those applying for entrance into this course to be self treating regularly and to embrace Reiki as a way of life. All Masters trained through Southern NH Reiki Center will have the opportunity to join my Reiki Master Alliance. This dedicated group of Reiki professionals and practitioners provide education, treatments and training opportunities for our local communities throughout NH and NE.

Our goal is to help people become aware of Reiki in ways that are credible and easily understood so that they may benefit from this wonderful healing practice. These events provide the Master with the opportunity to expand and advertise their business, and to be of service to those in need.

WHY THE CHANGES??

Reiki has become one of the fastest growing alternative healing modalities in the world and the need for well trained, credible, ethical Reiki Masters is in demand at this time. Consumers are becoming more knowledgeable about Reiki and are looking for those who they feel have had the best training opportunities, self treat, have gained experience in this field and practice and treat others with the highest integrity. Beth has been tracking the progress of Reiki in the global community and has seen that there is a definite need for a more involved approach to this training. Our society has become accustomed to getting what we want in a short period of time however this is not serving the highest good of the Reiki community. Master training has been restructured to a format that SNHRC feels will be in the highest and best interest of its students in the long run. Students will receive approximately 50 hours of training done over 6 months through one full day of training the 3rd Saturday of each month. This is approximately 35 more additional training hours than the current class offers.

This new curriculum is designed to help you become the best Reiki teacher or Master Practitioner you can be and the course will cover EVERYTHING about Reiki ~ from the basics of history, to advanced methods to assist in your evolving Reiki Practice. Students will be initiated into the master level, learn 2 new symbols (more if you are new to this system), learn to do healing attunements as well as the process for initiating others into the various levels. It will be broken down into easily manageable pieces and plenty of practice to develop confidence. We will review every level in depth, including the Wisdom of the Reiki Precepts, the mind body connection in relation to dis-ease and illness, the use of Reiki for deliberate creation and manifestation. We will practice with mock classes, do treatments using advanced techniques unique to Usui-Tibetan. We will discuss the direction Reiki is taking in medical care, as well as the many diverse ways Reiki practice empowers us in our daily lives no matter what job we do. We will discuss the business side of Reiki as well, and of course, blend in the Advanced Reiki Class curriculum as well. Students who have already taken advanced with SNHRC will have that payment deducted from this tuition. We are in the process of exploring CEU's but cannot guarantee they will be offered for this, or any other Reiki class taught at SNHRC at this time.

REGISTRATION BEGINS ON NOVEMBER 1ST AND ENDS ON DEC. 27TH

\$1,300.00 ~ \$300 non-refundable deposit to reserve space~

~ Monthly payment schedule available~

Minimum of 2, Maximum of 8 to hold this course.
